PROJECTS

W3-Band

- My first project while learning in Fullstack.edu.vn.
- Technologies:
 - HTML
 - CSS

Music Player

- When finishing basic javascript course, i know how to creat a music player .
- Technologies:
 - HTML
 - CSS
 - Javascript

Login Form

- Most websites require personal info, so I learn to make a login form. In my project, we can both login or register via API and LocalStorage in my project intro.
- Technologies:
 - HTML
 - CSS
 - Javascript

My CV

- CSS framework is common that abstracts web designs and makes the designs easier, I begin to learn and apply in this project.
- Technologies:
 - HTML
 - Tailwind CSS
